Music and Lyrics by Terian Mack

Believe believe 321 hey

## Chorus -

I believe in me I believe in you I believe in we now think about what we could do what we could do

If we just get together

we getting together no matter the weather

we getting together feeling to get there

now say it together yeah

I believe in me I believe in you I believe in we now think about what we could do

What we could do

If we just get together

We getting together no matter the weather

We getting together feeling together

Now say it together yea

## Verse -

I believe in me I believe in you I believe in we now think about what you can do What you can do

If you just get up and apply yourself

to supply your wealth

because right around the corner

your dreams may lie

you'll never know if you don't go outside

you better get up and go chase it

keep your passion and pride in your pocket don't you lose it and don't get lost

in the illusion or stuck in the matrix

it's time to awaken

because times never waiting

yeah no waiting no waiting no waiting

still Blazin still Blazin

time to get up and make all those changes

I hope you believe when I say this yea

Chorus -

I believe in me I believe in you I believe in we now think about what we could do what we could do

If we just get together

we getting together no matter the weather

we getting together feeling to get there

now say it together yeah

No waiting no waiting no waiting

Still Blazin still Blazin

Time to wake up and make all them changes I hope you believe when I say this yea

## Verse 2 -

I believe in me I believe in you I believe that we now think about what we could do

what we could do, if we all unite tonight

Better hold in tight

Because right around he corner

Your fears will hide

You better step outside and don't be scared

Look up to the sky I know he is there

Watching down on you

Reigning down

All powerful

Now that you got it

this was made to pump you up

Something you can listen to

Right Before you go to work

Something you can play

when you sit alone at lunch

Something you can play

Everyday of the month

Perform this live and make the world

Fall in love

My goal is to serenade the masses

Even from the casket

Can you imagine?
