

Lyrics for Fire by Corey O.

We on fire
We on fire
We on fire
And I seen it with my own two eyes
(Yeah) We burnt out
Been too many times over too many years
It stops now
Cuz I'm teaching my kid not to take that shit
Gotta make noise to make differences
You can stay here we don't gotta leave
Gotta fight just to get some peace
We on fire (yeah)
Politician taking too much time (yeah)
Let's riot
All my youngins wanna drip cuz they on fire
We on fire
We on fire
We on fire
And I seen it with my own two eyes
You won't feel me to we burn it down
Cop let off we screaming murder now
Not debating with a racist not at all today
You won't feel me till they cuff you at alarming rates
I wanna know how American pie taste
And State Farm the only time we dealing with jakes
The government won't raise the minimum wage
Cuz that's what me and all my homies get paid
We on fire
Politician taking too much time
Let's riot
All my youngins wanna drip cuz they on fire
We on fire
We on fire
We on fire
And I seen it with my own two eyes
We on fire
